What do you love about being a hair/makeup artist?

“Hair and makeup has been a passion of mine since I was young and turning my passion in to a career was the best move I ever made. Knowing that I walk away from my clients, leaving them feeling confident and happy is what I love most about being an artist.”

What’s been your best job to date?

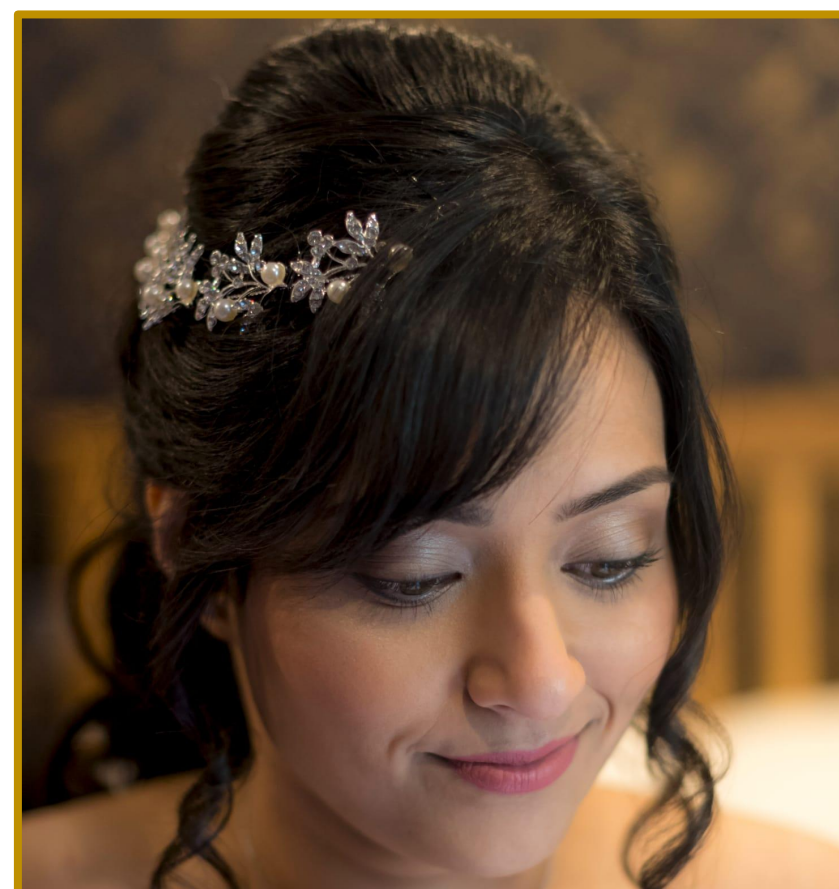

“I’d be lying if I could say there was just one. On a number of occasions I have been made to feel very welcome and part of the brides special day which is definitely enough to make it my best job.”

Your favourite hair and/or makeup product..

“No woman can have just one favourite makeup product but if I had to choose two that work on every client time and time again, it would have to be Rouge Edition Velvet lip stains by Bourjois as it lasts for hours, just what a bride needs when getting ready for the whole day or even as a guest at a party. Also the YLS Touche Eclat Blur Primer as it sits perfectly under most foundations giving a nice glowing finish and allowing the foundation to cover evenly.”

Top tip for bridal/special occasion clients

“Makeup shouldn’t be a tool used to change the way we look, it should simply enhance the beauty we already hold. Look after your hair and skin and carefully use products that suit your hair and skin type rather than focusing on what works on others.”

Testimonials

Keran did my hair and makeup, my mother's and my 4 bridesmaid's makeup for my wedding. She was incredibly professional but at the same time friendly and approachable. I felt I could tell her exactly what I wanted and she listened with great attention to detail.

I was delighted with the results as I looked so natural. I have never had professional makeup done before that has looked so natural and I think this is because Keran took everything I had to say and made me feel very comfortable on my wedding day. I couldn't have wished for anything more and I wouldn't have changed anything about it."

"Based on a glowing recommendation from a colleague, I booked Keran to do my hair and makeup for my wedding this July as well makeup for my 4 bridesmaids and both mothers. She did an amazing job, and was super calm and lovely to have around the house all morning! We were all looking beautiful and really happy with the results!"

"Keran was simply outstanding!! Words cannot explain how grateful I am to have had her do my hair and makeup on my wedding day! I could not have been happier with the way my hair and makeup looked on the day and it lasted the whole day. I came to her with a bunch of different pictures and styles and she managed to pull it altogether and give me my own personal look that suited me and went perfectly with my dress and style.

Keran was superb from when we first met at the trial to the very end when she not only did my hair and makeup but also helped me get in to my wedding dress! Wonderfully talented, friendly and professional. Thank you ever so much Keran for everything!"

"My hair and makeup looked even better than what we decided on during the trial. Keran listened to my ideas, added her own touches and I felt a million dollars on my special day! She is fun to be around yet professional and I cannot recommend her highly enough."
