What do you love about being a hair/makeup artist?

"I love making people happy and giving them confidence. It's not just makeup, it's a tool to help you feel your best, be powerful, have the confidence to face the world and tell it what you want. Everyone wants to feel a million dollars on their wedding... and why shouldn't you!"

What's been your best job to date?

"I had the opportunity to do a wedding in Florence, Italy and it was spectacular! I stayed with the bride all day, even going with her in the horse and carriage around Florence taking their wedding photos. It was lovely to spend the day with her, doing touch ups and adjusting her dress for photos."

Your favourite hair and/or makeup product..

"I think my fav product at the moment is the Iconic liquid highlighter. Who doesn't love a fabulous highlight to make you feel polished and on point."

Top tip for bridal/special occasion clients

"I'm all about skin. I used to have bad skin when I was young so know the challenges. It's really worth the time to see what your skin likes and don't be afraid to change it up. Even down to what your eating. Start working on your skin as soon as you get engaged to have a beautiful glow on your wedding day. I'm always happy to advise on trials to get you feeling your best for the big day! Inside and out! For makeup application it's all building up products slowly, we still want to see your beautiful face shine through the makeup".

Thank you for being so professional and kind and making the start to the day very relaxing, as relaxing as it could have been with everyone else running around like mad! Thank you again and I would definitely recommend you to anyone”.

“Megan was amazing. Such a polite and friendly girl, a real asset to the company. She did an excellent job, hair and makeup for myself, bridesmaid and mother of the bride. Received lots of lovely compliments.”

“The lovely Megan did my hair and makeup on the day and she was absolutely fantastic, friendly, calm, understanding and absolutely brilliant. The wedding itself was very laid back with a kind of boho look and Megan matched my hair and makeup to this perfectly. I can't thank her enough and recommend her highly”
