HAIR STYLIST & MAKEUP ARTIST

ABOUT SAM.

Welcome to SJB Hair and Makeup founded by me, Creative Director, Samantha to provide a Luxury Hair and Makeup experience, whatever the occasion! I am an award-winning, published artist and have had the pleasure of looking after so many over the years including celebrities, actors, and musicians. Makeup is not a one size fits all service but should be open to all, that is why I support clients of all ages and all ethnicities.

I also have a team of hand-selected associate hair and makeup artists who are as dedicated and passionate about making you feel your absolute best, as I am. I love to enhance my client's lives by making them fall in love with how they look through my skill, grow confidence and build trusting relationships.

My clients return for hair and makeup services time and time again. So whether it is your first or tenth-time experience of hair and makeup, I aim to make sure it is your most memorable and leave you feeling the best you have ever felt.
