ALL PACKAGES INCLUDE THE FOLLOWING:

Congratulations on your upcoming wedding!

As your dedicated bridal hair and makeup artist, I'm committed to providing you with a seamless and enjoyable experience leading up to your special day. My bridal packages includes three key touch points designed to ensure you achieve the perfect look:

1. Video Consultation:

In our "Prep to Perfection" video consultation, we'll explore all your hair and makeup needs. We'll discuss your ideas and inspiration images, and I'll guide you in selecting styles that complement your wedding theme, colour palette, and dress. This 45-minute session lays a solid foundation for our practice session and gives us a chance to brainstorm together.

2. Bridal Wedding Day Hair and Makeup Preview Session:

This is really where your bridal pampering begins and you will receive the most wonderful experience as you delve into the world of professional styling.

Join me at my home studio for a comprehensive preview session where we will refine your chosen hair and makeup look. We will start by reviewing the details from our video call to ensure everything feels right for you. Once you're delighted with the final look, we will take portrait images and create a personalised makeup face chart. We'll can also discuss styling options for your bridal party and the timeline for your wedding day. Expect this session to last around 3 -4 hours.

3. Wedding Day Hair and Makeup Styling:

On your wedding day, you can relax knowing you'll receive a full hair and makeup service tailored to your preferences. I'll be there to assist with any last-minute touches and help you get dressed, ensuring you feel confident and beautiful as you prepare to meet your partner.

Additional Features of Your Bridal Package:

- A complimentary skincare consultation during our video call and also in person at your preview session to discuss your current routine and recommend any steps needed to achieve your best skin for the wedding and beyond.

- To help create a flawless base for your wedding day, I also offer skincare preparation as part of the bridal day services. This includes a luxurious sheet mask provided for you to use the night before your wedding, ensuring your skin is radiant and ready to shine and collagen eye patches for the morning of the wedding.
- A WhatsApp group for your bridal party to facilitate communication, share ideas, and streamline preparations, reducing stress for you as the bride.
